Robin Wood, creator of this deck chose to show you the look of utter satisfaction and joy on his face. If you could pan out this image, you would see that his arms are open wide welcoming you to his home/table/bounty – he is there to celebrate and share with you.

Now is the time to take stock in what you have achieved, mastered, attained that fills you with satisfaction and gives you joy, a sense of satisfaction. Even if you feel you have not reached the ultimate goal for yourself – do pause to think about what you have, and count your blessings at this time.

This is the card of abundance – be content knowing how much more you have than so many others. It's more than material worth – it's pride, it's being loved, it's having the priceless gift of good health.

In reflecting on this, here's hoping the look on your face rivals his!
